Carolina Crossroads Corridor Project  
C/O South Carolina Department of Transportation  
Midlands Regional Production Group, Room 418  
PO Box 191, Columbia, SC 29202-0191

# More People

=

# More Traffic

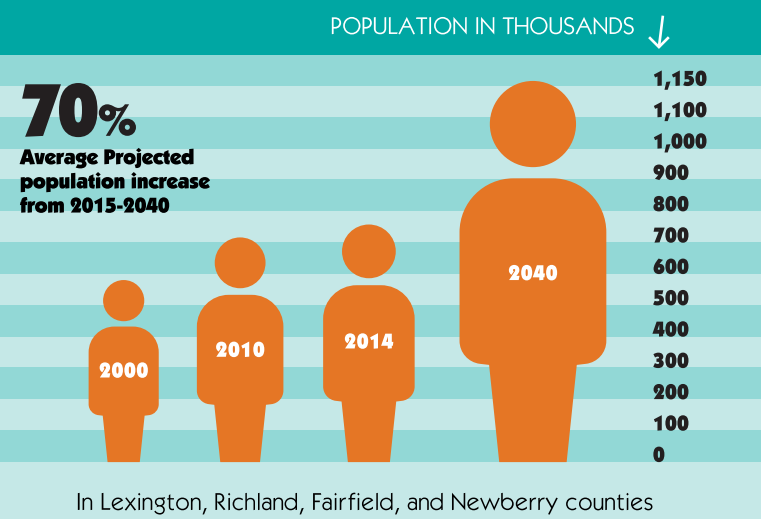

The Carolina Crossroads Project, if implemented, would improve mobility and safety in one of the most congested highway corridors in the state: I-20, I-26, and I-126.

# Why Carolina Crossroads?

The communities served by I-20, I-26, and I-126 are growing fast, which will add more traffic to our already congested roads, potentially increase collision rates, and create more need for bicycle and pedestrian links.

# The Carolina Crossroads Project is needed to:

## Primary Purpose and Need

Improve Mobility

## Secondary Needs

Improve freight mobility

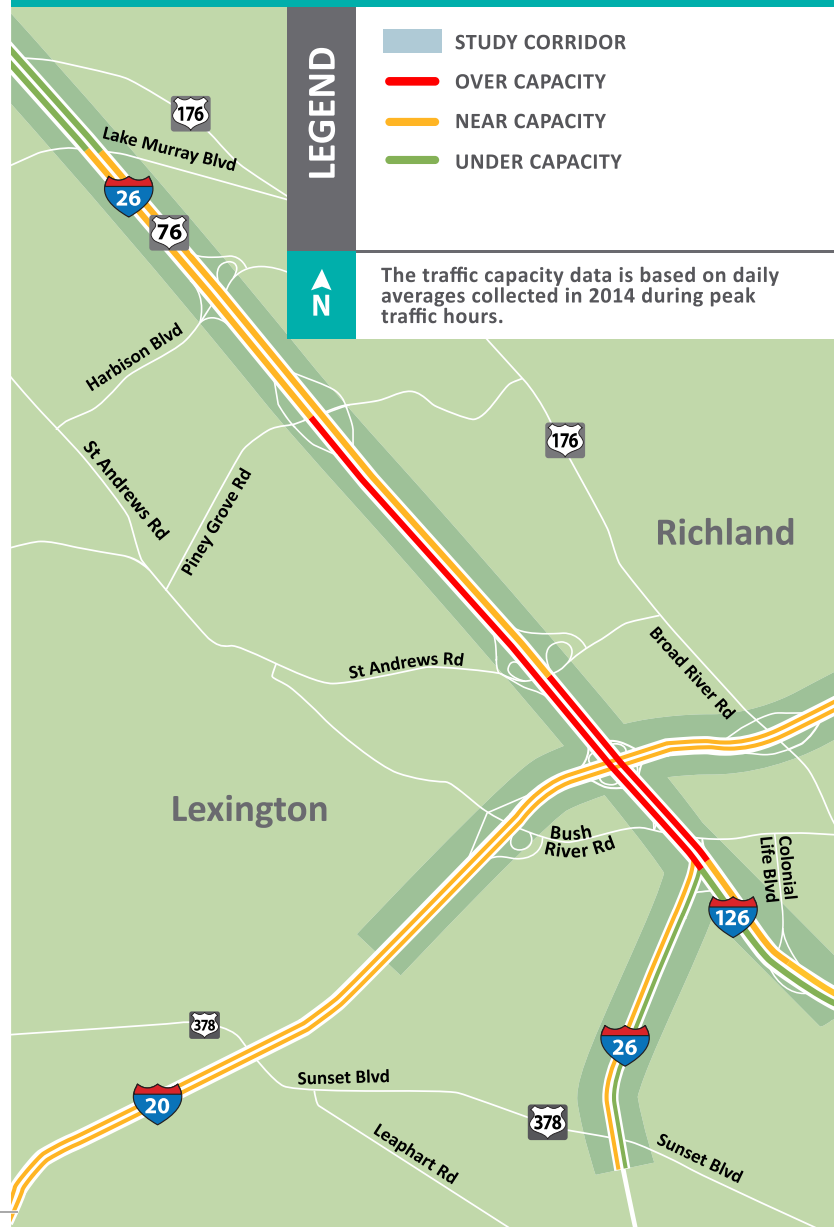

Improve safety in the corridor

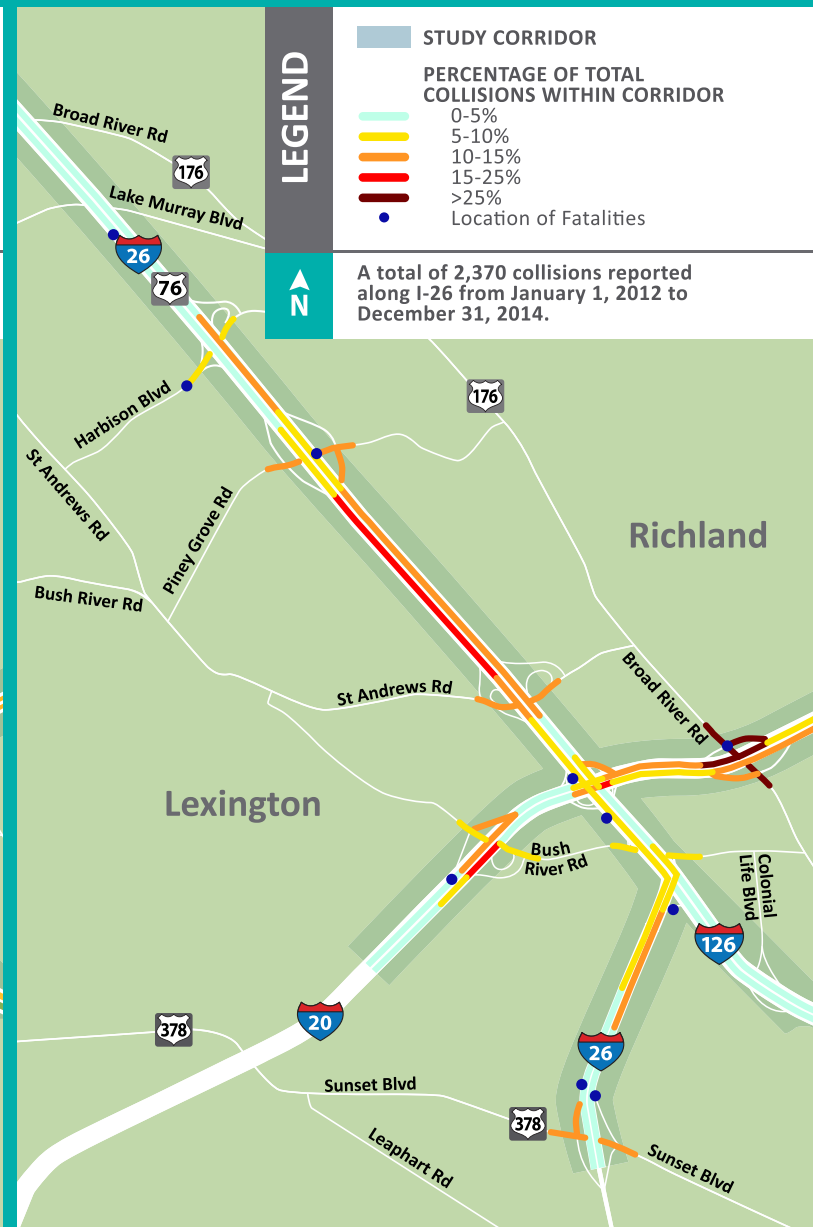

Improve system linkages

## CORRIDOR CAPACITY

## CORRIDOR COLLISIONS

# Where are we in the process?

Phase 1

Notice of Intent (NOI) to prepare an EIS and Scoping

Phase 2

Compare alternatives and prepare a DEIS and a FEIS

Phase 3

Project Delivery

We are here

36 Months: July 2015-Summer 2018

2019 & beyond

### Key Project Milestones

Milestone	Anticipated Date
Project Initiation	March 2015
Community Kick-off Meeting	May 12, 2015
Scoping & Initial Environmental Studies	July 2015
Public Scoping Meeting	September 10, 2015
Alternatives Development	2015-2016
Begin Development of Draft Environmental Impact Statement (DEIS)	July 2016
Alternatives Public Information Meeting	October 4, 2016
Development of Reasonable Alternatives	October 2016 - Summer 2017
Reasonable Alternatives Public Information Meeting	Summer 2017
Public Hearing on DEIS and Recommended Preferred Alternative	Fall 2017
Final Environmental Impact Statement (FEIS)	Summer 2018
Record of Decision (ROD)	Summer 2018
Procurement of Contractor & Begin Right of Way Acquisition	2019
Project Delivery/Construction	2019 & beyond

### Anticipated Date
